

Background:

You work for “General Dimensions” – a hi-tech healthcare company specializing in prosthetic devices (including artificial hands, limbs, eyes and ears). You have recently joined a new division that is oriented toward market expansion.

Your department has been tasked with generating concepts for retail-level products and services.

Focus Question:

How might we captivate the Baby Boomer segment?

ALTERNATE COMPANY

Harley-Davidson

1 BRAND CHARACTERISTICS

List six things that this company is known for (think brand attributes/characteristics):

2 ENABLING TECHNOLOGIES

List six current (or up-and-coming) consumer electronics technologies.

3 WRITTEN PROPOSAL

Use some (or all) of the starred (*) items above to write a sentence (or two) describing a healthcare-oriented consumer electronics product/service from Harley-Davidson (something related to eyewear and/or hearing aids aimed at the “Baby Boomer” segment).

4 PICTORIAL PROPOSAL

Now, read the above statement and draw it. (NOTE: You are allowed to star (*) and incorporate two additional items from above!)

5 NAME & TAGLINE

Review the above text and drawing. Then create a name and a tagline for the new product/service.
